

Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election is a violation of the use of public airwaves. It is against the law to provide political advertisement free of charge. This is one reason why I have been against the conglomeration of control of the airwaves.

Sinclair Broadcasting has provided large donations to the Republican party and are clearly not planning to broadcast a truthful, unbiased portrayal of Kerry's record. Please block this broadcast and if the documentary is aired, please revoke the Sinclair's Broadcasting license.
